

CORPORATE CONNECT SERIES - 18

The CDC co-hosted 16 Corporate Connect Series sessions in collaboration with our fellow faculty members during the Fall 2018 semester. These sessions were well received and cherished by over 800 students belonging from our different programs.

IBA CORPORATE LEADERS ADVISORY BOARD (ICLAB)

December 20, 2018: An ICLAB meeting was held with the objective to get feedback on our academic programs and graduates with special emphasis on our business administration programs.

The quality of graduates and recent experience of hiring MTs and interns, SWOT analysis of the institute, understanding future trends in the job market from employers were other points of discussions. CEOs, HR heads and Talent Acquisition leads of our partnered organizations were present in the meeting to share their valuable input.

LAUNCH OF THE IBA JOB PORTAL

We are glad to announce the launch of the IBA Job Portal. This is indeed a proud moment since the portal is conceived and designed in-house by the ICT department in collaboration with the Career Development Center and the Alumni Department. This portal helps students and alumni to create their profiles and find jobs/internships, while employers can post vacancies, view and save profiles for hiring purposes. We hope that this initiative would streamline the placement procedures for students, graduates and partnered organizations.
